

Microwave degreasing equipment

Microwave degreasing equipment, including a variety of different power equipment. As one of the professional microwave equipment manufacturers, we can provide different models of different power, just to meet your requirements. These microwave degreasing equipments are of superior quality and competitive price. If you are interested in our machines, please leave us a message.

			
10KW microwave degreasing equipment	20KW microwave degreasing equipment	30kw microwave degreasing equipment	higher power microwave degreasing equipment Can be customized

What are the characteristics of microwave degreasing equipment?

- 1. The device is simple and easy to operate.** Microwave degreasing equipment does not require preheating before use, ready to use.
- 2. Heating is uniform and efficient.** All of our microwave degreasing equipment, [microwave vacuum equipment](#) and other microwave machines use the penetration of microwaves. From the inside out, the heating and uniform drying effect is good.
- 3. Degreasing is uniform.** Microwave degreasing machine belongs to penetrating degreasing, and both internal and external degreasing.
- 4. Environmental protection, no pollution.** Microwave equipment does not discharge any waste water or waste gas during the working process, and belongs to environmental protection high-tech machines.

The principle of the microwave degreasing machine is basically the same as that of the degreased microwave oven. In the degreasing process, the material can be dried and sterilized. In addition to drying and degreasing meat products, it can also be used for drying and sterilizing dried fruits, preserved fruits, dried meat, vegetables and other foods. If you are interested in any of our [Industrial microwave Equipment](#) microwave equipment, please contact me, we will reply to you as soon as possible!

Quick Details:

Condition	New	Application	Meat products
Automatic Grade	Automatic	Voltage	220V/380V
Production Capacity	100~500kg/h	Power (W)	20kw~400kw (customized)
Dimension (L*W*H)	12680*1200*1750	Weight	3t
Certification	CE	Warranty	1 Year

Product Specification:

	Microwave degreasing machine
Microwave frequency	915±25MHz
power	10kw-200kw (Continuously adjustable)
Drive Speed	0.1~3m/min Frequency
Leakage value	≤5mw/cm2 (GB5959.6-87)
Degreasing amount	0.5~1.0T/ h
Equipment Output	5~7t
Out Size	Length × width × height 8000×5000×2300 (mm) (customizable)
Control way	Touch screen, PLC control

Leader microwave equipment can bring you great benefits. You will never regret choosing a microwave degreasing equipment. If you are an environmentalist and a business person, please work with us.
